

Lake Chelan Boat Company
P.O. Box 1057
Chelan, WA. 98816

Public Notice

The following requests have been submitted to the Washington Utilities & Transportation Commission for their approval.

To whom it may concern:

December 1, 2020

This notice is to inform you that Lake Chelan Boat Company has submitted a request to the Washington Utilities & Transportation Commission for changes to its Time Schedules, and Tariff No. 63, in regards to service on Lake Chelan.

Revisions to time schedules were made throughout 2020 due to Covid-19's effect on ridership. The resulting situation is that ridership is and was at historical lows. The company is making changes, to not only remain strong into the future, but to offer more options for travel with a different arrangement of schedules and boats. This will keep costs down yet offer the service the public is demanding. Decisions are being made to best serve all traveler's needs, from those who count on the service for their basic needs, to those who enjoy the ability to explore our beautiful area and stimulate the economy, of the up lake venues and the region in general.

None of these decisions came lightly, a very intense exploration of what service the company can provide and how it serves those who count on the service and stimulates growth into the future in a positive way was done. The changes in rates are necessary to financially maintain the company.

Attached you will find copies of the rate pages of the Tariff and the Time Schedules showing the requested changes.

Thank you for your understanding of the need for these changes. Lake Chelan Boat Company will continue to adjust to provide the best and safest public transportation on Lake Chelan. We will continue to serve those who count on the service for their maintenance and existence, and for those who recreate in the area to the best of our abilities.
